SUMMARY

Flutter Developer and IT Graduate with hands-on experience building responsive web and mobile applications using Flutter, Dart, JavaScript, HTML, CSS, WordPress, and SQL. Experienced in translating UI/UX designs into functional user interfaces, developing front-end solutions, and collaborating with stakeholders to deliver user-focused digital products. Proficient with Git version control, Agile development methodologies, API integration, and database-driven applications. Strong problem-solving and communication skills with a passion for creating high-performance mobile and web experiences. Seeking to contribute to Planet Fitness's digital transformation initiatives through Flutter application development and modern front-end engineering.

PROFESSIONAL EXPERIENCE

ERISN AFRICA.
Software Developer | Provincial Supervisor **July 2025 - June 2026**

- Develop and maintain responsive web applications using WordPress, React.js, HTML, CSS, and JavaScript.
- Collaborate with stakeholders to gather requirements and translate business needs into technical solutions.
- Participate in software development activities, including coding, debugging, testing, and system monitoring.
- Support digital transformation initiatives through AI tool evaluation and implementation.
- Utilize Git for version control and collaborative development workflows.
- Work closely with cross-functional teams to ensure successful project delivery in a fast-paced environment.

NexMotion Technologies
Front-End Developer freelance **February 2024 - December 2024**

- Developed UI/UX components with HTML, CSS, JavaScript, and WordPress.
- Conducted cross-device testing and improved system usability.
- Deployed projects using Netlify, Vercel, GitHub Pages, and Firebase.
- Strengthened communication by working closely with clients to resolve system or website issues.

EDUCATION

Central University of Technology. **January 2020 - November 2023**
Diploma in Information Technology

- Graduated with distinction in core modules related to software development.

Central University of Technology. **February 2024**
Postgraduate Certificate in Education Bloemfontein

- With Mathematics II as a major

SKILLS

Programming Language:
C#, JavaScript, SQL, LINQ, Dart.
Web Development:
HTML, CSS, ASP.NET, MVC, WordPress, React.js.

Frameworks & Tools:
Entity Framework, Flutter, Responsive Mobile UI Development.
Version Control:
Git, GitHub Pages, Debugging

Soft Skills:
Team Working, Time Management, Problem-Solving, Strong Communication, Customer Service

---

PROJECTS

Note Reflection App | Flutter, Dart

- Developed a mobile application for managing and reviewing study notes and reflections.
- Built responsive user interfaces using Flutter widgets and Dart.
- Implemented navigation, JSON data handling, and reusable UI components.
- Focused on clean architecture and mobile user experience.

Flashcard Learning App | Flutter, Dart

- Developed an interactive flashcard application for learning and knowledge retention.
- Designed and implemented responsive UI screens using Flutter.
- Created reusable widgets and navigation flows.
- Enhanced user engagement through intuitive mobile interactions.

UI Dog Walking and Pet Care | Figma

- Designed a complete mobile application UI prototype using Figma.
- Created user flows, wireframes, onboarding screens, and mobile layouts.
- Applied UI/UX design principles focused on usability and user engagement.
- Demonstrated ability to translate design concepts into development-ready interfaces.

Lobot_v1 | HTML, CSS, JavaScript

- Designed and developed a responsive web application using HTML, CSS, and JavaScript.
- Implemented modern UI components and interactive functionality.
- Applied front-end development best practices and responsive design principles.
- Deployed and maintained the application through GitHub.

CERTIFICATES

FULL-STACK DEVELOPMENT

- Validates proficiency in full-stack app development, teamwork with GitHub, and applying design thinking to real-world software solutions. **ITVarsity, 2025**
